Solution Galore

Security Operation Center

- **Customizable as per end-user requirements**
- **Proven Certified Resources**
- **24x7 Managed SOC Services**
- **On-Premises SIEM implementation**
- **Options for Cloud based SIEM**
- **SOC Automation and Orchestration**
- **Incident response services**

- **Threat Intelligence Feed**
- **Threat hunting service**
- **Governance Risk and Compliance solution**
- **Vulnerability Assessment and Penetration Testing services**
- **Breach Attack Simulation (BAS) services**
- **Managed EDR**

Digital Transformation

01

Simplify Transformation:
Streamline digital transformation
Foster digital capabilities quickly

02

Adaptability & Scalability:
Adjust to evolving business landscapes
Rapidly scale operations

03

Innovate Products & Services :
Develop next-gen digital products
Tailored for the digital age

04

Enhanced Digital Experience:
Transform customer experiences
Modernize operational processes

05

Mobilize Business:
Enable mobile and remote operations
Enhance business mobility

MANNAI IT SOLUTIONS EXCLUSIVE EDGE

MANNAI INTEGRATION CENTER

- State-of-the-art
- Located in Doha
- Capability to deliver rapid rollouts and large device imaging, on short notice

MANNAI CYBER DEFENCE RESILENCY CENTER

- State-of-the-art, one of its kind IT Security Operations Center
- Located in Doha
- Operates 24x7x365

OUR COMPETITIVE ADVANTAGES

SECURITY OPERATION CENTER

- SOC2 Type-II Certified Security Operations Center
- Principles applied from the NIST Cyber Security Framework
- 24x7x365 Coverage & Operations
- Fully Operated from Doha
- Locally-based resources
- Certified & Qualified SOC Analysts

NETWORK OPERATION CENTER

- 24x7x365 Coverage & Operations
- Fully Operated from Doha
- Locally-based resources
- Efficient Event Management
- Trend Analysis & regular reporting in customer-requested formats
- Monitoring of performance metrics in real time

SOC FEATURES

SECURE SOC SERVICES

- On-Premises and Cloud-based services
- Vendor-agnostic support for multiple SIEM Platforms.
- Option To Bring Your Own SIEM Model.

DATA SECURITY ASSURANCE

- Customer data remains on-premises for on-premises services.
- Secure VPN connectivity to Mannai SOC facility.
- Need-to-know based access for SOC analysts.

OWNERSHIP AND CUSTOMIZATION

- Customer retains ownership of the solution.
- Customizations, use cases, and playbooks belong to the customer.

KEY SERVICE HIGHLIGHTS

- Management of customer’s existing Firewall & Cyber Security solutions.
- Daily, Weekly, and Monthly Reporting.
- Knowledge transfer for Customer IT staff.
